

Freestanding facilities directory.

Your guide to finding network freestanding outpatient facilities in your area.

Welcome

Thank you for choosing an Oxford plan from UnitedHealthcare.

We want to help you get the most from your health plan. Here are a few ideas and reminders to get you started.

Your choice of a facility is your own. This information is not an endorsement of a particular facility's suitability for your needs.

You will normally have lower out-of-pocket costs by visiting a facility in your network. These facilities have agreed to provide financial discounts and participate in programs to help you have a good member experience.

Our provider network changes frequently. For the most current list of network facilities and other health care providers, visit your health plan member website, or call the toll-free phone number on your health plan ID card or **1-800-444-6222**, Monday through Friday, 8 a.m. to 6 p.m. ET. TTY users can dial **711**.

Health4Me®—the go-to phone app for your health.

If you're registered on your health plan's member website, you can also access your family's health information anytime, anywhere through the Health4Me mobile app (available for iPhone® and Android® operating systems). The free Health4Me app gives you:

- 24 hours a day access to a registered nurse and your benefits information.
- Help finding a nearby physician, hospital or other facility in your network.
- An "Easy Connect" feature that lets you ask for a call-back from a Customer Care expert.

Download the free Health4Me mobile app today.

Our network meets credentialing standards.

We check the credentials of health care professionals—from physicians and therapists to labs and hospitals—before we accept them in our network. We look at professionals' training and experience, using standards developed with national accrediting organizations.

Where to find your benefit coverage information.

This directory only has information on network freestanding outpatient facilities. You can find your benefit coverage details in your Certificate of Coverage or Summary Plan Description (depending on your plan), or on your health plan's member website.

An opportunity to save.

Although emergency medical conditions should always be evaluated and treated at a hospital emergency room, going to an urgent care center will save you money for non-emergency care. Most plans have a lower copayment when you visit an urgent care center as opposed to a hospital emergency room.

Use network providers to save money.

Network providers, including physicians, specialists, pharmacies, hospitals and other standalone facilities have agreed to accept lower rates for covered services. If you seek care outside the network, you may be responsible for a larger part, or all, of the charges. Typically, providers outside the network will not accept the same lower rates as our network providers.

PLEASE NOTE: Certain physicians and health care professionals may charge additional fees for non-covered health services and will be unavailable to members who are not able or willing to pay for the additional services.

For more complete information, call the toll-free phone number on your health plan ID card or **1-800-444-6222**. TTY users can dial **711**.

What is urgent care?

Illnesses and injuries that are of a less serious nature than an emergency may require urgent care. Urgent care centers are usually open evenings, weekends and holidays, and are designed to give patients fast, effective service. Urgent care centers commonly treat conditions like:

- Minor injuries and cuts.
- Upper respiratory infections.
- Ear infections.
- Sprains.
- Sore throats.
- Urinary tract infections.

What to do in an emergency.

Symptoms that can signal an emergency can include, but are not limited to:

- Difficulty breathing.
- Bleeding that can't be controlled with local pressure.
- Sudden change in mental status such as unusual behavior, confusion or decreased alertness.
- Sudden severe pain anywhere in the body.
- Vomiting blood.

If you have any of these symptoms, you should:

- Call **911** or go to the nearest hospital emergency room.
- Notify your physician as soon as possible.
- Notify us within 24 hours or as soon as reasonably possible.

Member rights and responsibilities.

You have the right to:

- Be treated with respect and dignity by our personnel, network physicians and other health care professionals.
- Privacy and confidentiality for treatments, tests and procedures you receive. See the Notice of Privacy Practices in your health plan documents for a description of how we protect your personal health information.
- Voice concerns about the service and care you receive.
- Register complaints and appeals concerning your health plan or the care provided to you.
- Get timely responses to your concerns.
- Candidly talk with your doctor about the appropriate and medically necessary treatment options for your conditions, regardless of cost or benefit coverage.
- Access to doctors, health care professionals and other health care facilities.
- Participate in decisions about your care with your doctor and other health care professionals.
- Receive and make recommendations about the organization's rights and responsibilities policies.
- Get information about our services, network doctors and health care professionals.
- Be informed about, and refuse to participate in, any experimental treatment.
- Have coverage decisions and claims processed according to regulatory standards, when applicable.
- Choose an advance directive to designate the kind of care you wish to receive should you be unable to express your wishes.

You have the responsibility to:

- Know and confirm your benefits before receiving treatment.
- Contact an appropriate health care professional when you have a medical need or concern.
- Show your health plan ID card before receiving health care services.
- Pay any necessary copayment at the time you receive treatment.
- Use emergency room services only for injury and illnesses that, in the judgment of a reasonable person, require immediate treatment to avoid jeopardy to life or health.
- Keep scheduled appointments.
- Provide information needed for your care.
- Follow the agreed-upon instructions and guidelines of doctors and health care professionals.
- Participate in understanding your health problems and developing mutually agreed-upon treatment goals.
- Notify your employer of any changes in your address or family status.
- Log in to your health plan member website or call the toll-free phone number on your health plan ID card when you have a question about your eligibility, benefits, claims and more.
- Log in to your health plan member website or call the toll-free phone number on your health plan ID card before receiving services to verify that your doctor or health care professional participates in your network.

HIPAA standards for privacy of individually identifiable health information.

To review our Privacy Policy and Notice of Privacy Practices describing how medical information about our members may be used and disclosed, and how members can get access to this information, visit your health plan's member website.

An important note about our services.

We do not provide health services or practice medicine. Rather, we arrange for physicians and other health care professionals to participate in a network. Network physicians and health care professionals are independent contractors and are not employees of Oxford or UnitedHealthcare.

We make payments to network physicians and health care professionals through various types of contractual arrangements. These contractual arrangements may include financial incentives (e.g., bonuses, capitation) to promote the delivery of health care in a cost-efficient and effective manner. Such financial incentives should not impact your access to covered health services. If you have any questions about whether there are any financial incentives in your doctor's contract with us, feel free to ask your doctor.

We make decisions about health plan coverage. These decisions are administrative decisions and are for payment purposes only. We are not liable for any act or omission of a physician or other health care professional.

Our philosophy states that the doctor-patient relationship is sacred — all medical decisions rest between you and your physician. It means freedom to choose, along with the responsibility to act.

- You're responsible for choosing your own physician.
- You must decide if the doctor you choose is right for you.
- You must decide with your doctor what care you should receive.
- Your doctor is solely responsible for the quality of the care you receive.

Oxford Health Insurance, Inc. (OHI), Oxford Health Plans (CT), Inc. and Oxford Health Plans LLC do not treat members differently because of sex, age, race, color, disability or national origin.

If you think you were treated unfairly because of your sex, age, race, color, disability or national origin, you can send a complaint to the Civil Rights Coordinator.

Online: UHC_Civil_Rights@uhc.com

Mail: Civil Rights Coordinator
UnitedHealthcare Civil Rights Grievance
P.O. Box 30608
